Project: Digital Marketing Strategy for a New Brand

Brand: PaperNest

Date: October 2026

1. Brand Overview

PaperNest is a fictional small business that specializes in personalized stationery products, including customized notebooks, journals, planners, sticky notes and stationery gift sets.

The brand aims to make everyday writing, studying and planning more creative and enjoyable by offering affordable, attractive and customizable stationery products.

Brand Vision: To inspire creativity and productivity through personalized stationery.

Brand Mission: To provide stylish, affordable and high-quality stationery that reflects each customer's personality and needs.

Brand Tagline: "Your Ideas, Your Style, Your PaperNest."

2. Target Audience Profile

PaperNest primarily targets students, young professionals and stationery enthusiasts who enjoy creative, personalized and aesthetically appealing products.

Primary Target Audience

- **Age:** 16–30 years

- **Gender:** All genders
- **Location:** Urban and semi-urban areas in India
- **Occupation:** School and college students, graduates and young professionals
- **Income:** Students with limited allowances and young professionals with entry-level incomes
- **Interests:** Journaling, studying, productivity, art, creativity, planning and aesthetic stationery
- **Preferred Platforms:** Instagram, Pinterest, YouTube and WhatsApp

Customer Persona

Name: Aanya

Age: 21 years

Occupation: College Student

Location: Hyderabad, India

Interests: Journaling, creative writing, studying, aesthetic desk setups and personalized gifts.

Needs:

- Affordable and attractive stationery
- Personalized notebooks and planners
- Products that help organize daily activities
- Creative stationery for gifting

Challenges:

- Finding unique stationery at affordable prices
- Limited customization options
- Difficulty finding stationery that matches her personal style

Buying Behaviour:

Aanya discovers stationery products through Instagram reels, influencer recommendations, Pinterest and recommendations from friends. She is interested in attractive designs, reasonable pricing, customization and positive customer reviews.

Target Audience Summary

PaperNest will focus on customers who value creativity, personalization, affordability and organization. Its marketing content will highlight product designs, customization options, stationery inspiration and practical everyday uses.

3. Marketing Goals

The main objective of PaperNest's digital marketing strategy is to increase brand awareness, attract potential customers, improve audience engagement and generate online sales through effective digital marketing campaigns.

The following goals are planned for the first three months of the campaign.

3.1 Brand Awareness

Increase awareness of PaperNest among students, young professionals and stationery enthusiasts through consistent social media marketing.

Goal: Reach 10,000 unique users on Instagram within three months.

3.2 Social Media Growth

Build a strong online presence and attract a community interested in stationery, creativity and productivity.

Goal: Gain 1,000 Instagram followers within three months.

3.3 Audience Engagement

Encourage potential customers to interact with PaperNest's content through likes, comments, shares, saves and story interactions.

Goal: Achieve an average engagement rate of 5% on Instagram content.

3.4 Website Traffic

Drive interested users from social media platforms to the PaperNest online store.

Goal: Generate 500 website visits per month by the end of the third month.

3.5 Sales Conversion

Convert social media audiences and website visitors into paying customers through product promotions, attractive offers and clear calls to action.

Goal: Generate 50 online orders within the first three months.

3.6 Customer Retention

Build long-term relationships with customers by encouraging repeat purchases, sharing useful content and providing a positive customer experience.

Goal: Achieve a 15% repeat-purchase rate among customers who have had sufficient time to make another purchase.

3.7 Summary of Marketing Goals

Objective	Target	Timeline
Brand awareness	10,000 users reached	3 months
Instagram growth	1,000 followers	3 months
Engagement	5% average engagement rate	3 months
Website traffic	500 visits per month	By Month 3
Online sales	50 orders	3 months
Customer retention	15% repeat-purchase rate	3 months

These targets are initial planning goals for the fictional brand and will be reviewed based on actual campaign performance.

4. Digital Marketing Channel Selection

PaperNest will use a combination of social media platforms, messaging services and search marketing to reach its target audience, increase brand awareness and promote its personalized stationery products.

4.1 Instagram Marketing

Instagram will be the primary marketing channel for PaperNest because it supports visual content such as photos, reels, stories and product demonstrations.

Marketing Activities:

- Post attractive product photos and promotional reels.
- Share stationery organization tips and creative journaling ideas.
- Publish Instagram stories featuring new arrivals, polls and offers.
- Collaborate with small content creators and stationery influencers.
- Use relevant hashtags to improve content discovery.

Objective: Increase brand awareness, followers and customer engagement.

4.2 Pinterest Marketing

Pinterest will be used to showcase creative stationery designs and inspire potential customers.

Marketing Activities:

- Create boards for journals, planners and stationery inspiration.
- Upload visually appealing product images.
- Share study desk setup ideas and journaling inspiration.
- Link pins to the PaperNest online store when available.

Objective: Attract users searching for creative stationery ideas and generate referral traffic.

4.3 WhatsApp Business Marketing

WhatsApp Business will help PaperNest communicate directly with interested customers and provide personalized customer support.

Marketing Activities:

- Create a business profile with product information.
- Share product catalogs and new-arrival announcements.
- Respond to customer inquiries and customization requests.
- Provide order updates and customer support.

- Share promotional messages with customers who have opted in.

Objective: Improve customer communication, trust and purchase convenience.

4.4 Facebook Marketing

Facebook will help PaperNest reach additional audiences and build a community around stationery and creativity.

Marketing Activities:

- Create a professional Facebook business page.
- Share product photos, offers and promotional content.
- Publish customer testimonials with permission.
- Participate in relevant stationery and creative communities, following their rules.
- Share links to the online store.

Objective: Expand brand reach and drive traffic to the online store.

4.5 Email Marketing

Email marketing will be used to maintain relationships with customers and encourage repeat purchases.

Marketing Activities:

- Send welcome emails to subscribers.
- Announce new product launches and special offers.
- Share stationery tips and creative ideas.
- Send order-related updates where appropriate.
- Offer subscribers exclusive promotions with their consent.

Objective: Build customer loyalty, encourage repeat purchases and generate sales.

4.6 Search Engine Optimization (SEO)

SEO will help PaperNest improve its visibility in search engine results and attract users looking for stationery products.

Marketing Activities:

- Use relevant keywords in product titles and descriptions.
- Create useful blog content about journaling, planning and stationery.
- Optimize product images with descriptive alt text.
- Use clear website navigation and mobile-friendly pages.
- Improve page loading speed and provide helpful product information.

Objective: Increase organic search visibility and attract relevant visitors.

4.7 Channel Selection Summary

Channel	Main Purpose	Content Type
Instagram	Brand awareness and engagement	Reels, posts, stories
Pinterest	Inspiration and discovery	Pins, product images
WhatsApp Business	Customer communication	Catalogs, updates
Facebook	Community and reach	Posts, promotions
Email	Retention and repeat sales	Newsletters, offers
SEO	Organic discovery	Product pages, blogs

4.8 Overall Strategy

PaperNest will prioritize Instagram for visual promotion, Pinterest for creative discovery and WhatsApp Business for direct customer communication. Facebook, email marketing and SEO will support the main channels by helping the brand reach new audiences, maintain relationships and improve online visibility.

The performance of each channel will be reviewed regularly using measurable key performance indicators (KPIs), and the strategy will be adjusted according to campaign results.

5. Social Media Content Calendar

PaperNest will use a consistent social media content strategy to build brand awareness, engage its target audience and promote its stationery products. Instagram will be the primary platform because PaperNest's products are highly visual.

Suggested Posting Frequency

- Instagram Posts: 3–4 posts per week
- Instagram Reels: 2–3 reels per week
- Instagram Stories: 4–7 days per week
- Pinterest: 3–5 pins per week
- WhatsApp Business: 1–2 relevant updates per week

The posting frequency may be adjusted based on audience engagement and campaign performance.

6. Sample Social Media Creative

This Instagram creative was developed for PaperNest as part of the digital marketing campaign. The design focuses on introducing the brand and creating awareness among the target audience.

7. Key Performance Indicators (KPIs)

7.1 KPI List

Key Performance Indicators will be used to measure the effectiveness of PaperNest's digital marketing activities.

KPI	What It Measures	Purpose
Instagram Reach	Number of unique users reached	Measures brand awareness
Followers	Growth in social media audience	Measures audience growth
Engagements	Likes, comments, shares and saves	Measures audience interaction
Engagement Rate	Audience interaction relative to reach/followers	Measures content effectiveness
Website Visits	Visitors coming to the website	Measures traffic generation
Leads	Potential customers showing interest	Measures customer interest
Orders	Completed purchases	Measures conversions
Repeat Purchases	Customers who purchase again	Measures customer retention

7.2 Measurement Plan

PaperNest will review its marketing KPIs on a weekly basis and compare actual performance with the planned goals.

The results will be recorded in the **PaperNest – Digital Marketing KPI Tracker** created in Google Sheets.

The data can be used to identify which content and marketing channels are generating stronger audience engagement and customer interest. The strategy can then be adjusted based on the results.

8. Conclusion

PaperNest's digital marketing strategy focuses on building brand awareness, engaging its target audience and supporting online sales through a combination of digital channels.

Instagram will serve as the primary visual marketing platform, supported by Pinterest, WhatsApp Business, Facebook, email marketing and SEO.

The strategy combines audience research, measurable marketing goals, planned content and KPI tracking. Regular performance measurement will help PaperNest understand audience behaviour and improve its digital marketing activities over time.
